Subject: UGH - this never went to you all last week! FW: Deliberative - notes from ITS meeting

I crafted this on the 23rd and hit send 😊 It went to my drafts folder 😊

All,

Here are Alexis' notes from the Dave and David briefing.

Simma and I talked through yesterday afternoon – I had planned to talk through them today at the meeting. Seemed sending forward without context would be too confusing. Since I missed the meeting probably would have been best to send. SIGH!!!!

As you can see, the To dos are really in OGC's court. Simma is taking the lead on typing the outline with the assignments but she also plans to fill in many of the sections that are background etc (pulling from the existing FRN and briefing papers).

Alexis will focus on the responses (both the high level response for the memo and the RTC). It is very legally nuanced and needs to walk the line Alexis has crafted so we really need her to do this.

Whitney and I are available to fill in what Simma does not finish before next week and since this is for Dave's signature, we get all the fun of CMS, formatting etc... We also will upload anything to the docket we may need.

Outstanding, we don't know who the memo is going to. There are some timing issues OGC is still thinking through.
